PRODUCT CHARACTERISTICS

The below information are not the Claims to be reported on the package of the final product, but they simply are information derived from the chemicals used in the impregnation of the coloured wipe.

In order to identify the info to print on the package of the final product, please contact Citysan for support.

The product is intended for consumers who may need a practical and easy way for pet cleaning, contained in an easy open/close package.

The wipe is impregnated by chemicals diluted with water. An effective formula capable of cleaning animal's hair, enriched with essential oils. Tested in lab with "Arm in cage", the formula aims to keep away ticks and mosquito for few hours.

After using, the animal's hair remains clean as the consumers' hands, that pleasantly smells like

lemongrass/geraniol/citronellol. Allows the removal of dirt, grease, feces and urine.

Neutral detergent: the detergent contains PH equal to 8. In the formula there's Ianolin, a substance that has a light parasitic against fleas, it also contains anionic, non-ionic, oleic soaps and natural essences.

INGREDIENTS INFORMATION

Product regulated by CLP 1272/2008 CE + REACH 1907/2006 CE.

Main components: Chemical base + soap + Antibacterial + Essential oils (perfume).

It contains: Citronellol, geraniol, lemongrass, linalool, linalyl acetate, citronellyl formate, d,l-isomenthone, geranyl formate, alpha pinene, farnesol, beta-myrcene,terpinen-4-olo, citral.

The product is classified by the above regulations and it is not included in cosmetics and cleansing.

STORAGE OF THE PRODUCT

Keep the product in a cool and dry place, away from sources of heat and out of the light and humidity.

Accurately close the package after opening, through the open/close tape tab to maintain the wet wipes fresh and wet, avoiding constant the inside water evaporation.

The storage of the closed product (before the opening by the consumer) is two years (established by Citysan, no tests on storage have been conducted).

Keep out of the reach of children and animals. Avoid contact with eyes and mucous, the soap may irritate.

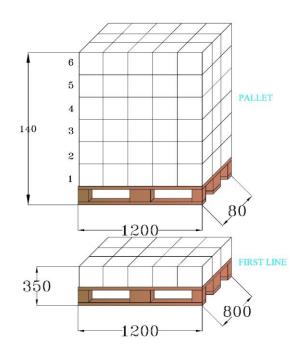

The product is not intended for personal hygiene and cleaning.
